HIV/AIDS Emergency Placements

The HIV/AIDS Services Administration (HASA) provides its homeless clients with access to medically appropriate housing, including same-day placement in emergency and transitional housing. Transitional housing facilities are operated by non-profit agencies and include on-site supportive services. Within 90 days of placement, all clients in emergency and transitional housing receive a referral for a non-emergency housing option that considers the medical, educational and familial needs and circumstances of the client.
