Statement from Assemblywoman Catherine Nolan to the New York City Redistricting Commission

As New York State Assemblywoman for Ridgewood Queens for over 26 years, I feel that Ridgewood is best represented by being in a Queens city council district. Ridgewood has long been a part of the cultural landscape of Queens and should be able to continue to be a part of Western Queens- not just geographically but also by being in a Queens city council district. Many of the schools, parks and community groups are intertwined with the Queens communities and would best be served by continuing to remain within a Queens city council district.
