

Required Information for Equipment Acceptance
For the Use of Non-Department Listed Controls

Information of Equipment Manufacturer	Manufacturer Name:		
	Product Line Name:		
	Business Address:		
	City:	State:	Zip:
Information of Representative	Name of Representative:		Telephone No.:
	Email Address:		Fax No.:

A. CONTROLS

1. Controls must demonstrate compliance with the applicable sections of the "Engineering Criteria for Fuel Oil Burning Equipment", effective July 1, 1973.
2. The manufacturer shall supply product information that fully describes the operation of the equipment.
3. UL test report for the controls shall be submitted.
4. Method of identification and verification of performance of the control in the field by the inspecting engineer shall be provided.

B. FEES

1. The fees shown below for equipment acceptance are required in accordance with LL58-91.
2. For each application for acceptance, other than fuel oil burning equipment, the fee is \$400.
3. For each application for amendment of prior accepted equipment, the fee is \$300.

Professional Engineer's Certification Statement

I attest under the penalties of perjury:

1. I have personally examined and am familiar with the information contained in this submittal, including any and all documents accompanying this certification statement;
2. That, based on my inquiry of those individuals responsible for obtaining the information, the information contained in this submittal is, to the best of my knowledge, true, accurate and complete;
3. That, all other requirements of the Engineering Criteria for Fuel Burning Equipment will be complied with;
4. That systems to maintain compliance are in place at the facility and will be maintained even if processes or operating procedures are changed; and
5. That I am fully authorized to make this attestation on behalf of the facility.

I am aware that there are significant penalties, including, but not limited to, possible fines and imprisonment, for willfully submitting false, inaccurate, misleading or incomplete information.
