

# **FLUSHING CREEK CSO LONG TERM CONTROL PLAN PUBLIC KICK-OFF MEETING**

**Wednesday, June 11, 2014  
P.S. 020 John Bowne  
143-20 Barclay Ave New York NY 11355  
6:00pm to 8:00pm**

***DEP will provide a brief presentation at 6:30pm.***

**How do you want to use the Flushing Creek in the future?  
Do you want to use it for fishing, swimming, boating or some other recreational use?  
Come to this kick-off meeting and let us know!**

To improve water quality in the Flushing Creek, the New York City Department of Environmental Protection (DEP) is developing a Long Term Control Plan (LTCP) that will evaluate solutions to reduce combined sewer overflows (CSOs) into the waterbody.

Join us as we discuss the impact this may have on you, the rate payers and users of the Flushing Creek and participate in a conversation on how future funds could be used to further improve water quality in the Flushing Creek.

## **HOW TO GET INVOLVED?**

DEP and DEC staff will be available to answer any questions you may have.

To RSVP, please email [ltcp@dep.nyc.gov](mailto:ltcp@dep.nyc.gov) or call DEP's Community Affairs Office at (718) 595-3496.

For more information on DEP's CSO program, please visit our LTCP Program website at [www.nyc.gov/dep/ltcp](http://www.nyc.gov/dep/ltcp)  
or follow us on Facebook: [www.Facebook.com /NYCWater](http://www.Facebook.com /NYCWater).
