THE WATERBOYS / ALASDAIR ROBERTS

The enigmatic songwriter Mike Scott, “madman or genius, depending on your point of view,” (*Record Collector Magazine*) has explored many sounds and styles through THE WATERBOYS, his principle vehicle since 1983, but Celtic folk rock of burning intensity remains at the center. The band’s latest project is *An Appointment with Mr. Yeats*, music set to the words of Ireland’s greatest lyric poet. Scott’s fellow Scot ALASDAIR ROBERTS, a sometime collaborator with Will Oldham, infuses his songs “with the enduring melodies and lyrical twists of ancient folk music.” (*The Guardian UK*)
