

The new E-20 Certificate of Fitness study material and test contains the information of the New 2008 Fire Code. Reading and understanding the new E-20 study material will help to increase your chance of passing the new E-20 test.

- This new E-20 test based on the new study material is available on January 1st, 2013.
- The current E-20 C of F is renewable and valid. However, the current E-20 C of F holder should read the new E-20 study material to be familiar with the new regulations.
