Special Public Hearings

The Landmarks Preservation Commission will hold a public hearing on the backlog of buildings in the Borough of Brooklyn on **October 8, 2015**. Each speaker will be given three minutes to speak, and in that time may address all of the items within the Borough, specific items, or add comments to support written testimony. In order to conduct efficient hearings, we ask speakers to register in advance and submit written statements by **October 1, 2015** to backlog95@lpc.nyc.gov. If you are unable to attend the hearing, your written submissions will be entered into the record and distributed to the Commissioners.

If you have any questions about this property or the hearing process, please contact backlog95@lpc.nyc.gov or call (212) 669-7817. If you would like more information about this property, please see the research file summary (over) and go to our website (<http://www.nyc.gov/html/lpc/html/backlog95>) and click on the link for this building's research file.

Coney Island Pumping Station Description

Landmark Type: Individual

Built: 1937

Architect: Irwin S. Chanin

Style: Art Deco

Research Staff Hearing Statement (1980)

CONY ISLAND PUMPING STATION
2301-2327 Neptune Avenue, Brooklyn

This sleek Art Deco structure was built in 1937 by the City of New York to serve as a Fire Service Pumping Station. The lozenge plan and the wrap-around windows reflect the streamlined, modern influence which was popular in the Art Deco movement in the 1930's. Contrast is provided by the vertical treatment of the entrance. Bold stylized horses flank the entrance steps. This design was by the architectural firm of Irwin S. Chanin, a component of the noted Chanin Organization which was active in the construction of theaters, apartment buildings, including the Majestic and the Century on Central Park West, and the Chanin Building on East 42nd Street. The pumping station is no longer in use.
