

# Seward Park Urban Design Open House

WORKING TOGETHER TO IMPROVE THE COMMUNITY

**Wednesday, April 27<sup>th</sup> from 4:30-7:30 pm – stop in anytime**  
80 Essex Street (between Delancey and Broome Streets)

**Details:** Community Board 3 and the City have been working together to develop a possible plan for the City-owned Seward Park sites. The City hired Beyer, Blinder, Belle, a local urban design firm, to provide assistance in understanding the urban design options for the sites. They created a scale model that shows different options for how the buildings could be arranged on the sites.

Stop over at the open house and learn more about the urban design options and ask questions of the architects, designers, and your city representatives.

For more information, contact Joe Coletti at [jcoletti@nycedc.com](mailto:jcoletti@nycedc.com) or visit [www.nycedc.com/sewardpark](http://www.nycedc.com/sewardpark). We look forward to seeing you on the 27th!
