Reconciliation Summary

Introduction

The City of New York has reported on Major Portions of the City's Fixed Assets through the AIMS Report for Fiscal Year 2014. The **Executive Summary** document, published each Fall, reports financially unconstrained repair and maintenance schedules on a Citywide and on an agency basis by classes of assets and special systems. In addition, a more detailed **Asset Survey Report** portrays funding needs required to achieve and maintain a "State of Good Repair" on an asset basis and is available for review at the Office of Management and Budget. The methodology used to compile the condition assessment and maintenance schedules is contained in the **Executive Summary**.

Based on the recommended funding projections in the **Asset Survey Report**, participating agencies were asked to indicate their respective Capital and Expense funding for the "State of Good Repair" and maintenance activities detailed in the schedules. It is important to note that the agencies' planned activities indicated in this **Agency Reconciliation** do not represent specific amounts in the Budget. The results are presented here as comparisons between agencies' planned activities and the **Executive Summary's** recommendations.

Citywide "State of Good Repair" and Major Maintenance Needs from Executive Summary

	<i>FY 2015-2018 Capital ("State of Good Repair")</i>	<i>FY 2015 Expense (Major Maintenance)</i>
Buildings	2,936,397,000	262,593,000
Piers, Bulkheads & Marinas/Docks	169,965,000	11,614,000
Bridges & Tunnels	541,661,000	31,407,000
Parks Systems	288,660,000	6,795,000
Streets & Highways	2,184,920,000	-
Special Systems*	80,377,000	65,694,000
Total	\$ 6,201,980,000	\$ 378,104,000

* includes street lighting, traffic signal systems, ferries, vessels and Rikers Island utilities.

Items Excluded from Study

While the study is comprehensive, a number of items and considerations were excluded from the condition review & costing estimates. They were not considered directly related to the structural integrity of the asset as defined by the Charter. These include but are not limited to:

- Most equipment (fixed and movable)
- Special operating systems within assets
- Aesthetic considerations
- Landscaping and outdoor elements
- Statuary or ornamental edifices
- Components not readily observable or accessible by professionals in the field
- Handicapped access requirements
- Information obtained through testing or probing
- Hazardous material identification and removal
- Programmatic needs not related to structural integrity
- Programmatic efficiency improvements
- Swing space/phasing costs, or premium time costs on an as-needed basis
- Components deficient in code or local law compliance that do not impact on the integrity of the asset
- Assets known to be scheduled for near-term replacement

Asset Survey Report Context

The asset condition and maintenance schedule within the AIMS Report is not a budget document, but rather a broad, unconstrained analysis of a subset of general needs. It will serve as a planning tool and resource in addressing overall Citywide funding requirements. The report does not attempt in any manner to balance the City's asset and infrastructure requirements against other important City needs, nor does it attempt to make any funding recommendations for different agencies. There is a general prioritization presented within individual assets of the relative importance of various repairs and maintenance items in terms of preserving the assets.

Due to the complexity of the analysis, the large scale of the survey effort, the time frame for completion, the amount of estimation required, and the necessary methodology constraints, there are inherent limitations to the level of accuracy possible at the detailed asset and component level.

In this context it should be noted that the actual cost for a project may vary substantially from the amount estimated in this report when a detailed scope of work and cost estimate is completed. Agencies will not be restricted to any asset specific number contained in the reports when planning and developing their budget requests. It is further understood that there will be work items (i.e. programmatic) excluded from this study which may require additional expenditures.

2015-2018 "State of Good Repair" Needs Capital Reconciliation

As an annual reconciliation effort, agencies indicate their recently performed and planned activities as compared to the activities required to bring their assets up to a "State of Good Repair" which are listed in the **Asset Survey Report** and defined in the **Executive Summary**.

Responses were based on information available for the publication of the FY 2014 January Plan. These responses, together with their footnotes, represent a characterization of the agencies' activities to achieve a "State of Good Repair".

Agency Planned Activities

Activities as estimated in the **Asset Survey Report** including those that are: a) Planned for FY 2015-2018; b) Already performed since last survey; c) Being undertaken. Cost estimate of activities is not necessarily the amount funded in the Budget.

"State of Good Repair" Need

Dollar amounts represented by cost estimates from the **Asset Survey Report** that are required to bring the Agency's assets included in the survey up to a "State of Good Repair".

Percentage

Agency Planned Activities/"State of Good Repair" Need

NEW YORK PUBLIC LIBRARY (NYPL)

Number of Assets	16
Total Square Footage	1,481,000sf
Agency Planned Activities	\$905,000
State of Good Repair Need	\$12,728,000

Total Square Footage	124,968,000sf
Linear Footage of Piers/Bulkheads	2,700ft
Agency Planned Activities	\$1,484,689,000
State of Good Repair Need	\$1,484,689,000
Percentage	100%

* *The proposed SCA/DOE Five Year Capital Plan (Fiscal Years 2015 - 2019) identifies rehabilitation work at the facility component level for all five years of their Five Year Plan. The reconciliation percentage (%) above represents the work defined for FY2015 – 2019. In addition to reconciling line-item state of good repair needs, selected SCA capital programmatic elements address AIMS state of good repair needs in general and are included in the overall reconciliation. These programs include: boiler conversion, climate control, auditorium upgrade, gymnasium upgrade, cafeteria/multipurpose room upgrade, room conversions, accessibility, school improvement and restructuring, science lab upgrades, library upgrades, code compliance, administrative support, and emergency stabilization projects.*

CITY UNIVERSITY OF NEW YORK (CUNY)

1. DOE's facility specific state of good repair projects will continue to be identified in the 5-year Plan based on annually resurveyed conditions.

2. DOT planned total represents estimates based on average cost per lane mile for reconstruction and resurfacing projects.

3. Activities recommended by the survey but not planned due to asset replacement/abandonment total \$31.64 million, which equals approximately 0.51% of the total recommended.

This page left intentionally blank.

2015 Maintenance Needs Expense Reconciliation

In addition to capital reconciliation agencies also participate in Citywide response to major maintenance activities in the expense budget. Unlike repair needs which are readily identifiable during surveys, maintenance activities can only be an estimated projection influenced by the components' current condition, standard lives, and scheduling of corrective work. In general, the recommended amount represents a basic minimum to maintain the assets in a "State of Good Repair" and assumes that the Capital work identified is carried out forthwith.

The methodology for major maintenance is documented in the **Executive Summary**. In general, major maintenance is defined as those activities that should be performed at intervals of at least one year or greater to maintain the useful life and integrity of the component (i.e. repointing of brick in buildings). The majority of expense projects are periodic inspections and minor repairs that are done in-house or subcontracted out. Major maintenance activities for bridges, such as cleaning and debris removal, are exceptions which include large-scale identifiable items that should not only occur regularly, but would also have a direct impact on the structural integrity of the bridge over time.

As maintenance information may not be available or documented, agencies have been asked to report on broad categories (%) closest to their experience.

NEW YORK PUBLIC LIBRARY (NYPL)

Recommended Maintenance Need	\$1,968,000
Percentage Reported	10%

BROOKLYN PUBLIC LIBRARY (BPL)

Recommended Maintenance Need	\$1,053,000
Percentage Reported	100%

QUEENS PUBLIC LIBRARY (QPL)

Recommended Maintenance Need	\$501,000
Percentage Reported	100%

DEPARTMENT OF EDUCATION (DOE)

Recommended Maintenance Need **\$138,538,000**
Percentage Reported **59%**

* *DOE will spend approximately \$20.02 million on preventive maintenance through service contracts, facility management contracts, custodial operations and \$61.13 million on minor repairs and comprehensive surveys.*

CITY UNIVERSITY OF NEW YORK (CUNY)

Recommended Maintenance Need **\$10,723,000**
Percentage Reported **23%**

NEW YORK POLICE DEPARTMENT (NYPD)

Recommended Maintenance Need **\$12,395,000**
Percentage Reported **80%**

NEW YORK FIRE DEPARTMENT (FDNY)

Recommended Maintenance Need **\$2,941,000**
Percentage Reported **47%**

ADMINISTRATION FOR CHILDREN'S SERVICES (ACS)

Recommended Maintenance Need **\$673,000**
Percentage Reported **81%**

DEPARTMENT OF HOMELESS SERVICES (DHS)

NOTES:

- DOC will have major Rikers Island Utility work done using capital funds where eligible
- DCA's maintenance items are usually undertaken by individual cultural institutions. No City funds are spent on major maintenance.
- DSBS receives some maintenance funds in the form of rent credits from the agency's tenants.
- DOT's \$27,402,000 Bridges reconciliation is 78%. This does not reflect flag repairs on bridges included in the inventory.
- DOT's \$57,269,000 Street Lighting & Traffic Signal Systems reconciliation is 100%.
- DOT's \$5,365,000 Ferries reconciliation is 100%.
- DOC Special System is Rikers Island Utilities and the reconciliation is 100%.

Note: The proposed SCA/DOE Five Year Capital Plan (Fiscal Years 2015 - 2019) identifies rehabilitation work at the facility component level for all five years of their Five Year Plan. The reconciliation percentage (%) above represents the work defined for FY2015 – 2019. In addition to reconciling line-item state of good repair needs, selected SCA capital programmatic elements address AIMS state of good repair needs in general and are included in the overall reconciliation. These programs include: boiler conversion, climate control, auditorium upgrade, gymnasium upgrade, cafeteria/multipurpose room upgrade, room conversions, accessibility, school improvement and restructuring, science lab upgrades, library upgrades, code compliance, administrative support, and emergency stabilization projects.
