## REQUIRED DECAL AND STICKER CHANGES FOR TLC-LICENSED VEHICLES

The New York City Taxi and Limousine Commission (TLC) wishes to inform its licensees about two new marking requirements for TLC-licensed vehicles. These markings are now available at TLC-approved print shops. A list of TLC-approved print shops can be found at:

[http://www.nyc.gov/html/tlc/downloads/pdf/tlc\\_authorized\\_printers.pdf](http://www.nyc.gov/html/tlc/downloads/pdf/tlc_authorized_printers.pdf).

All TLC-licensed vehicles will now be **required** to include a Turning Safety Reminder Sticker centered on the front windshield behind the rearview mirror (see image on following page). This sticker requirement is part of the Vision Zero Action Plan to eliminate traffic fatalities. All TLC-licensed vehicles must be in compliance with this requirement by January 24, 2015.

All Boro Taxi vehicles will now be **required** to include No Hail Zone markings on both rear doors. This marking must be below the "Metered Fare" decal (see below graphic for required alignment). New and existing Boro Taxis must be in compliance with this new requirement by their next scheduled inspection appointment on or after December 15, 2014.

In addition to the above requirements, all TLC-licensed vehicles will have the **option** to display a Vision Zero sticker on the vehicle's rear bumper (see image on following page). While we encourage its use, this bumper sticker is optional and will be made available for free at the TLC Woodside Inspection Facility.
