If reinspection is required because the vehicle failed any other component of the inspection, there is no reinspection fee.

### **Statement of Basis and Purpose**

These rules increase fees for Taxi and Limousine Commission-issued drivers' licenses and initial inspections of taxicabs, to be authorized by Local Law. Driver's license fees were last changed in 1984, and initial inspection fees for taxi inspections were apparently last changed in 1990. These fees no longer adequately reflect the Commission's costs.

In addition, these rules increase the initial inspection fee for for-hire vehicles. FHV inspections at Commission facilities were first required in 2009, and the fee imposed at that time covered only the State-mandated portion of the inspection and not the additional inspection items involved in determining compliance with the Commission's rules. Accordingly, the current fee for such inspections is the amount permitted to be charged by the State DMV for a State-mandated vehicle inspection. These proposed rules raise the fee for the initial inspection to cover both the State-mandated and the Commission-mandated components of the inspection. The fee for the State-mandated portion of the inspection continues subject to State DMV limits. The Commission intends to charge the increased inspection fee for each inspection conducted on and after the date these rules become effective.

Finally, these rules clarify that FHV's are subject to re-inspection fees only if they fail the State-mandated portion of the initial inspection. As with taxicabs, re-inspections required solely for Commission-mandated items remain free of charge.

This rule amends the version of the Commission's rules that becomes effective April 1, 2011.
